

Intelligent eMarking for Faster, Fairer Evaluation

Digitize. Standardize. Scale.

End-to-end digital evaluation for high-volume, high-stakes assessments.

Faster Evaluation Cycles

Fully Digital Workflow

Consistent & Unbiased Marking

Secure & Audit-Ready

What is eMarking?

A secure, scalable platform that transforms **paper-based evaluation into a streamlined digital process**—from script digitization to result processing—ensuring accuracy, consistency, and operational efficiency

Digital Evaluation

Evaluate scripts anytime, anywhere

Smart Marking Tools

Annotations, rubrics, and guided evaluation

Real-Time Tracking

Monitor progress and evaluator performance

Quality Control

Built-in moderation and standardization

Secure Platform

Role-based access with full audit trails

Easy Integration

Works seamlessly with existing systems

Scan → Allocate → Evaluate → Moderate → Publish

Meaningful Impact Across the Evaluation Lifecycle

Lifecycle Impact

- Accelerate result declaration
- Reduce manual effort and errors
- Enable remote, distributed evaluation
- Improve transparency and control
- Scale seamlessly for large volumes

Built For

- Educational Boards
- Universities & Colleges
- Recruitment Bodies
- Certification Providers

Why eMarking?

Proven in Real-World Deployments

Trusted for high-stakes assessment environments

Flexible & Configurable

Adapts to diverse exam formats and workflows

Insight-Driven Evaluation

Clear visibility into performance and progress

End-to-End Solution

From scripts to results - one unified platform

Trusted by institutions to deliver secure, consistent, and scalable digital evaluation.
